John Sherman on Himself.

A politician who was very near to Senator John Sherman in the campaign of 1892 says he will never forget the effect that the arst kodak picture of F himself had upon the senator. Mr. Sherman had been speaking the night before in the Academy of Music, Philadelphia, and the newspaper artists had taken some lifelike snap shots of him in many attitudes. To the polltician the senator said, upon looking over the newspapers the following day Well, well, our time for criticising the newspaper men is over. They have us to rights now. Here I am just as I am, and I'm a caricature of what I have always thought I was."-Saturday Evening Post.

MADDEN'S OBJECTIONS.

George Siler's friends hint that Billy Madden's objection to him as refered of the Fitz-Ruhlin fight bears evidence of the fine Italian hand of one Thomas FRourke, Siler's dear friend. O'Rourke will be remembered, recently ap peinted Madden official referee of his easide Athletic club. Madden ob pected that 'ORourke and his corterie would do all in their power to prevent the Chicagoan from officiating. As i urned out, he could do nothing with the club officials or with Fitz that would help him to make good o far as the East is concerned, but when he got Madden on his staff petty excuse for a protest against the veteran ring official.

Davis, whose term expired on May 1, will be allowed to retain the office for some time, possibly permamently. The multiplicity of applicants for the position works in his favor, for it is so difficult to select one from all that it may be determined that it is simplest and ensiest to allow Mr. Davis to remain in office. In the Seventh, which includes Stark and Summit countles W. K. Moore, whose term will continue for some time unless a change is made. will probably soon be asked to resign and William Miller of Newman, Stark county, will quite possibly succed bim The chief inspector has had a great deal of trouble in choosing his deput; in this district, but it a now believed that the prize will fall to Mr. Miller.

Fire Marshal Hollenbeck of Chardon, Geauga county, is another new state official who is experiencing considerable difficulty in choosing his deputies and his clerks. He came to Columbus on Friday to confer with the Covernor about his appointments, but Governor Nash is ill with a severe cold and has been comble to attend to official business. Therefore no announcement bas yet been made. Besides the two dep uties, at salaries of \$1800 and \$1500 respectively, a number of clerks and a stenographer or two are to be appoint ed. There are more than 29 applicants for the first deputy inspectorship. The department has not yet been able to se cure any quarters in the statebouse.

Miss Ida Williams of Massillon and Miss Lulu Hitt of this city, clerks in the state labor commissioner's office inder Commissioner J. P. Jones, have has informed Miss Hannah Jones, who has served as clerk for a long term of years, that she will be retained. Mr. Ratchford refuses to commit himself upon the question of the retention of Harley V. Spielman, secretary of the state league of Republican clubs, as chief clerk.

The state printing commission, con tary of state and the arrange general. has ruled that the joint resolution adopted by the legislature at its recent ession to authorize the publication at the state's expense of 10,000 copies of the Taylor Ohio State men and 100 Year book carries no appropriation and is therefore invalid: A large ed-i cears ago and the public will not suf-

The question of the constitutionality of the appointment of Senator Patter on and Representatives McKinnon and Swain as a commission to have charge of the Obio building and the Obio ex albit at the Pan-American exposition o be held at Buffalo in 1901 has been raised and is disturbing the peace of the legal authrities. A clause in the state constitution provides that no Senator or Representative, during his term and for one year after its expira ion, shall hold any civil office under he state. The question arises as to whether membership in the commision is, within the meaning of the law, in office. The commission is allowed he comfortable sum of \$5,000 for exenses and has charge of \$25,000 for he erection and the maintenance of

The wise ones have discovered that in office in the state insurance depart nent still remains vacant and the cramble is about to begin. Under the Royer law, much amended, the deput supervisor of building and loan asso ciations, under the state insurance commissioner, is, ex officio, supervisor of bond investment companies at th salary of \$1200 per year, in addition to for of the other sort of associations. Now it has been noted that he may appoint deputy, to receive an annual salary of \$900 and to serve whenever his chief really needs a rest. No notice seems to have been taken of the act that an office is vacant. All of which goes to prove that accidents will hap pen, even in state polities,
